FLAGSHIP eNEWSLETTERS

Babcox Media produces a wide range of eNewsletters that engage readers, distributing content in each issue that helps the audience perform their jobs better.

As an eNewsletter advertiser, you can capitalize on these engaged eyeballs. Get your message in front of readers while they're proactively seeking information about their industry!

Sponsorships for each eNewsletter on this page are sold weekly. These 7 sponsorship positions are available:

1 ☐ TITLE SPONSOR (1 available per week)

Want to make the biggest possible impact? The title sponsor enjoys prominent placement above the top story in the newsletter. This oversized 720x250 ad spans the entire width of the email, and it can be used for branding or direct response.

2 ☐ BRIDGE AD (1 available per week)

The Bridge Ad is a large format graphical placement that spans the width of the newsletter. At 720x250, it's identical in size to the Title Sponsor. The Bridge Ad appears between Flex Ad B and C in each issue.

☐ FLEX ADS (5 available per week)

The beauty of a Flex Ad is that it's flexible! Want to drive a strong brand message with bold graphics? Use a 300x250 rectangle ad in this space. Or if you want to generate a high click-through rate, we recommend a native ad format that looks like a story in the newsletter. Choose one of these formats for your Flex Ad:

- 3 **Rectangle:** 300x250 pixel image
- 4 **Native:** Includes a headline, body text, and a 300x150 image

**For audience size and pricing information, refer to the rate card for the appropriate Babcox Media brand.*

New for 2023: Flex ad adjacent to EV content

The final flex ad in each issue will be placed next to content on electric vehicles. Your ad will also be introduced with a "Sponsored by [your company name]" header.

WEBSITE DISPLAY ADVERTISING

Brand safety and reputation are more important than ever. Ensuring your ads are running on a site with high-quality content is a must.

According to study by Integral Ad Science[^]:

- **Quality is important.** 81% of consumers consider it important that ads are placed next to high quality content.
- **Ads near reputable content get more engagement.** 51% of consumers are likely to engage with ads found within high quality content.
- **Low quality content is dangerous.** 31% of consumers would stop using brands with ads near low quality content.

Helpful and reputable content on a website is paramount. Babcox Media has a 100+ year history of publishing industry information that readers can trust.

To start your program, answer these two questions:

1. WHAT KIND OF PRESENCE DO YOU WANT?

- ☐ **Dominant** – You are a leader in this industry, and your ads need to be seen
- ☐ **Competitive** – For key players who want a regular presence
- ☐ **Essential** – You're an aspiring company without the budget of the market leaders, but you want to build a reputation

2. WHICH AD SIZE DO YOU WANT?

- ☐ **Rectangle (300x250 on desktop and mobile)** – The most popular ad size on the Internet, the Rectangle has a versatile shape. Served within articles and on the sidebar.
- ☐ **Leaderboard (728x90 on desktop, 320x50 on mobile)** – Another very common size, the Leaderboard is a great choice for branding. Served in rotation within articles and on the sidebar.
- ☐ **4:1 Banner Ad** – This is a modern replacement for the old "Billboard" ads. This ad will dynamically resize to fit viewers' screen sizes. It appears as large as 1440x360 on the largest monitors, and scales down to fit smaller screens on laptops, tablets, and mobile phones.

□ TOP SCROLLER

Dominate the top of the page! This ad unit makes a splash as soon as the page loads. It disappears as the user scrolls down and reappears as the user scrolls back to the top.

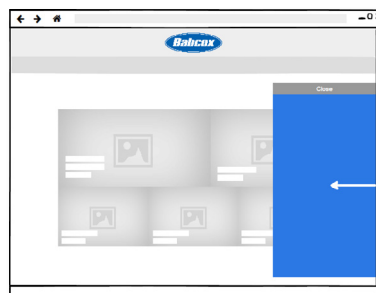

□ SNEAKER

This ad unit “sneaks” up from the bottom of the page, showcasing your advertising message. The ad sits on its own background, ensuring that it stands out on the page. As the user scrolls, the Sneaker remains in place until it’s closed by the user.

□ SLIDE IN

This smooth vertical ad gets people’s attention. As the user begins to scroll down the page, your ad slides into view from the side of the screen. A close button appears at the top.

- *All high-impact units are sold by the week.*
- *For pricing information and specific impression numbers, refer to the rate card for the appropriate Babcox Media brand.*
- *Unless otherwise noted, all ads appear once per user per two hours.*
